is USC students)

Seems more organic.

→ Lines — USC off campus housing  
Something which should be more  
attractive.

→ "Snippets very important"

→ All of information would add  
legitimacy to the platform

→ Apartments. com is very slow.

→ lot of place → Starting to feel  
little lonely

Google

Monai - Freshman year study  
(international student)

→ Easy to find low quality,  
Hard to find high quality.

Most of the stuff is just a jumble.  
Dubious, hard to gauge.

Photos are manipulated (see a few  
in ...)

of that)" Lot of conflicting information.

→ They might not know what the distances mean in LA?

→ Distances can be deceiving.

→ "Houses from stranger things."

→ Highlights different zones of or  
(this is village, this radius is scooter)

→ What are factors while choosing?

- ① location.
- ② quality of the place.
- ③ Size does not matter in (LA)
- ④ All the other stuff community/

Floorplan → very important.

facilities.  
What my transit be to USC?

⑤ USC students only housing

⑥ View outside is bad.

⑦ Dorm - the bedrooms gonna  
be smaller.

Whats a good view?

→ ① If its good height.  
higher is good.

② Direction - how clear is the  
line of sight.

[Price is the last thing]

What frustration?

- Bad management
  - (Victory they don't care about their customers?)
  - I don't know - what USC and surrounding area is like?
  - How are the streets like?
- is this going to be a lively place.
- ① Walking time (feasibility of walking)
- ② Cycling time
- ③ its patrolled by DPS, giving more information on neighborhood and community and safety.
- Using Apartments and using their in point.

map was a good starting point  
to the impression of the map of  
the city or either link to the map.  
[Good photos].

Google - VSC of campus housing  
near VSC

- I just go to different websites.

→ I want to be in DPS

→ I don't want to live on the  
ground floor.

- My budget was as much as was  
reasonable -

... is quite nice

→ Victory is  $\sqrt{v}$

→ Housing Search wouldn't be too much helpful for me.
